

THURSDAY 27TH NOVEMBER 2003
MORNING PRESENTATIONS IN C5C TI

9.00am: Professor Jim Piper
 Opening Presentation

9.30am: Professor Max Coltheart
 "What is interdisciplinary research? Some examples."

	C4A234	C4A238	C4A332
	HEARTS & BIRDS	ORGANISATIONAL	ANXIETY
10.00	Hayden Till: Cognitive decline following cardiac surgery: How should it be defined?	Daniel Ionita: Linking employee data, customer satisfaction & business performance: Issues and opportunities.	Amanda Gamble: Attentional bias to threat in anxious & non-anxious adolescents using eye movement as an index of selective attention.
10.30	Sophie Lyon: Temporal patterning of feeding in the noisy miner.	Denise Jepsen: Employee climate & culture surveying.	Heidi Lyneham: Occurrence, assessment & treatment of anxiety disorders in rural children.
11.00	MORNING TEA	MORNING TEA	MORNING TEA
	PSYCHOPHARMACOLOGY	AUDITION & TRANSLATION	DEVELOPMENTAL
11.30	Tony Miller: Mammalian hind- & mid-brain cholinergic receptor mechanisms underlying tonic & phasic regulation of Dopamine reward pathways.	Mridula Sharma: Discriminative cortical auditory evoked potentials for the diagnosis of auditory processing disorders in children.	Susan Edwards: Temperament & environmental factors co to the development & maintenance of anx preschool children.
12.00	Alex Falcon: Prefrontal cortical regulation of the Mesolimbic Dopamine system.	Sharon Cameron: Development & evaluation of a test of virtual spatial hearing (TVSH).	Sonia Wechsler: An evaluation of the effectiveness of an antenatal treatment program.
12.30	Jenny Dawson: Dysregulation of Dopamine autoreceptors in an animal model of PTSD.	Mira Kim: Analysis of translation errors based on systemic functional linguistics.	
1.00	LUNCH	LUNCH	LUNCH
	CLINICAL	TEACHING (LINGUISTICS)	DEVELOPMENTAL
2.00	Melanie Porter: Cognitive Neuroscience of Williams, Autism, Asperger & Down syndrome.	Kimberly Bunts-Anderson: Teachers' conceptions of out-of-class interactions & classroom practice.	Sharon Laing: Developmental & behavioural outcomes following newborn surgery.
2.30	Jacqueline Spencer: Task-switching deficits associated with Alzheimer's disease.	Caroline Law: From theory to therapy: An investigation into the use of Dual Route Model to guide therapy for developmental dyslexia.	Katelyn Tasker: Family relationships, childcare arrangements & children's development.
3.00	Catherine Lawson: Disgust processing in Huntington's disease.	Luciani Malater: Becoming an EFL teacher: Exploring the process.	Kim Jinkwan: Social withdrawal during adolescence as a developmental risk factor to various maladaptions.
3.30	AFTERNOON TEA	AFTERNOON TEA	AFTERNOON TEA
	CLINICAL	LANGUAGE	DEVELOPMENTAL
4.00	Viv Wuthrich: Schizotypy.	Zoe Evans: Hyper & hypospeech in multiple English dialects.	Nasreen Yasin: The effect of child sexual abuse on women's romantic relationships.
4.30	Christine Senediak: Targeting clinical supervision in transcultural mental health.		Paul Wagland: Questioning the age of criminal responsibility.
5.00	BBQ DINNER	BBQ DINNER	BBQ DINNER

FRIDAY 28TH NOVEMBER 2003

MORNING PRESENTATION IN C5C TI

9.00am: Professor Anne Burns
Dean of Linguistics and Psychology

Professor Kip Williams
Department of Psychology

	C4A234	C4A238	C4A332
	THE BODY & ANXIETY	CONSCIOUSNESS & ATTENTION	THERAPY ISSUES & CULTURE
9.30	Delyse Hutchinson: The role of peer influence & negative affect in the development of body image concerns & eating problems.	Caroline Tomiczek: Implicit learning & consciousness.	Alison Saxton: Tolerance & humanitarianism: the construction & maintenance of a white centred reality.
10.00	Paul Rhodes: Parent-to-parent consultation in the Maudsley Model of family-based treatment for Anorexia Nervosa.	Stacey Kuan: Visual consciousness & selective attention.	Hugo Gonzales: The acculturative stress experience of Chinese & Indonesian international students.
10.30	Jennifer Allen: A comparison of number, perceived impact & independence of life events experienced by clinically anxious & non-anxious children & adolescents.	Laura Hughes: Visual attention mechanisms of the Parietal Lobe.	Tracey Powis: Evaluating rehabilitation: Social, psychological, & cultural factors in the success of a residential program.
11.00	MORNING TEA	MORNING TEA	MORNING TEA
	IDENTITY & EMOTION	VISION/COGNITION	THEORY & PRACTICE
11.30	Kymbra Clayton: Dissociative Identity: Exploring another way of being.	Kirsten Challinor: Is motion contrast a valid extension of the Adelson & Bergen (1985) motion energy model?	Judy Hyde: The personality of the psychotherapist.
12.00	John Reid: Emotional Intelligence Test development.	Paul Dux: Distractor processing in rapid serial visual presentation (RSVP).	Caroline Henderson-Brooks: Perturbing the context: A consideration of contextual breaches in psychotherapy
12.30		Leila Petit: Anatomical limitations in mental representations of bodies.	Rebekah Wegener: Parameters of Context & the passage from theory to policy & social practice.
1.00	LUNCH	LUNCH	LUNCH
2.00	DEBATE	DEBATE	DEBATE
	BELIEF, MEMORY & AUDITION	PUBLIC SERVICE & BUSINESS	LANGUAGE
3.00	Ilana Hepner: Recent & remote memories.	Ben Fenton-Smith: Question design in 'Question Time'.	Lainie Hart: Understanding the patterns of typical & atypical reading development.
3.30	Kasey Metcalf: The origin & nature of confabulation.	Andrina Lou: The sociolinguistics of student business discourse.	Lisa Stephenson: An EPG study of repetition & lexical frequency in alveolar to velar assimilation.
4.00	Ryan McKay: Hallucinating God? The cognitive neuropsychiatry of religious belief & experiences.		Britta Bierdermann: The tip of the tongue (TOT) phenomenon: Evidence for an abstract grammatical level in spoken speech production?
4.30	Louise Reynolds & Paul Cheung: Sociolinguistic study associated with audiological practice & the impact on quality of life.		Ian Simpson: Computational models of adult spelling.
5.00	END SESSION	END SESSION	END SESSION

SATURDAY 29TH NOVEMBER 2003

	C4A234	C4A238
	SELF-REGULATION	MEN & DEVELOPMENT
9.30	Megan Oaten: Longitudinal gains in self-control.	Hermann Neukirch: Men's identities: His stories of connected ness & achievement.
10.00	Aydin Karacanta: The role of emotions in self-regulation.	Peter Llewellyn-Smith: Working with men: Efficacy of brief intervention programs for men.
